I am driven blockchain developer with 2+ years experience building high-quality ERC20, ERC721, and custom smart contracts. I am Passionate about DeFi and blockchain's transformative potential. Specialize in writing secure, gas-efficient contracts in Solidity using Hardhat. I have a International CBDE-certificate. I am equipped to build technology that improves decentralization.

📁 Professional Experience

OWN Foundation, Web3 Developer

03/2023 – 12/2023

I specialize in creating and enhancing smart contracts, decentralized apps, and blockchain protocols. My role contributes to our mission of leveraging blockchain's potential for innovative solutions in real estate.

webMedia Inc, Frontend Developer

08/2021 – 10/2021 | Tbilisi, Georgia

Tsukumogami, Blockchain Developer

10/2021 – 05/2022

Winmodi, Blockchain Developer

05/2022 – 08/2022

🎓 Education

Bachelor of Energetic and Electrical Engineering, Georgian Technical University

2021 – 2025 | Tbilisi, Georgia

Ethereum Developer Bootcamp, Alchemy University

09/2023 – 12/2023 | USA

The best blockchain practical course ever.

🔑 Hobby

Reading and Writing Blockchain Articles

Chess

Swimming
